OBJECTIVE

A motivated and dedicated Software Engineering student with hands-on experience in full-stack web development, enterprise application development, machine learning and IoT-based projects. Passionate about learning emerging technologies, solving real-world problems and developing practical software solutions. Strong team collaborator with experience in developing database-driven applications, REST APIs and user-focused systems.

EDUCATION

Higher National Diploma in Software Engineering - *Present*

National Institute of Business Management (NIBM)

Diploma in Software Engineering - *Completed*

National Institute of Business Management (NIBM)

PROJECT EXPERIENCE

BrewLab – Coffee Shop Management System (Group Project) - *Completed*

- Developed an Android-based coffee shop management system with customer and admin functionalities.
- Implemented product, inventory, category and order management.
- Tech Stack: Java, Android Studio, Firebase, Firestore, Firebase Storage
- GitHub: github.com/Rithmi-Rasara/BrewLabCoffeeShop

HireNest – Online Job Management System (Final Project) - *Completed*

- Developed a web-based job management system connecting job seekers and employers.
- Built registration, job posting, searching and application features.
- Tech Stack: PHP, MySQL, HTML, CSS, Bootstrap, JavaScript
- GitHub: github.com/Rithmi-Rasara/HireNest-Job-Management-System

Student Performance Prediction & Management System - *Completed*

- Developed a system to predict student performance and identify at-risk students.
- Implemented student management, prediction and performance analysis modules.
- Tech Stack: Scikit-learn, MySQL, JavaScript, Chart.js
- GitHub: github.com/Rithmi-Rasara/Student-Performance-Prediction-System

TECHNICAL SKILLS

Languages: Java, PHP, HTML, CSS, JavaScript

Frontend: Bootstrap, React (Basic), XML

Backend: Spring Boot, REST APIs

Databases: MySQL, Firebase Firestore, MongoDB (Learning)

Cloud & Version Control: Firebase, Git, GitHub

Tools: Android Studio, IntelliJ IDEA, Visual Studio Code, Postman

Machine Learning: Scikit-learn, KNN, Regression

SOFT SKILLS

Teamwork & Collaboration • Communication • Problem Solving • Time Management • Fast Learner • Adaptability • Critical Thinking • Leadership

EXTRA-CURRICULAR ACTIVITIES

- Actively participated in Girl Guiding activities, developing teamwork, leadership, outdoor and community service skills.
- Participated in team-based academic software development projects and collaborative activities.
- Engaged in continuous learning and practical technology-related activities.
